Top hints and tips

- **Keep your personal details private:** Always ask your parents/carers before giving out your name, address or phone number online or to anyone

- **Do not share:** your username or password with anyone.

- **Think:** Once posted, things can be difficult to remove or take back. Think…….Pause……Send!!

- **Do not post/comment:** Anything you don't want others to know about you or that you wouldn't say to peoples faces.

- **Be respectful:** Respect other people's content and comments. We cant all agree on everything so don't make nasty responses. Its ok to have different opinions.

What is Personal Information?

What is Cyberbullying?

Cyber bullying is when someone uses the internet or mobiles to deliberately upset or make fun of someone else.

This **is** bullying and you shouldn't have to put up with it.

What to do, if it happens to you!

- **Don't reply**: to messages that are meant to upset you. This could make the bullying worse.

- **Keep the message**: Show it to a grown up you trust who can record it and report it.

- **Report Problems**: don't put up with it, take control and report it to a trusted adult. Use report abuse button

- **Block the sender**: get help to block the sender of upsetting messages

- **Tell someone you trust**: Don't keep it to yourself

- **Respect yourself and respect others**: Treat people online as you would in the real world.
